Alice and Alex are talking directly. I don't think a decision has been made yet about whether there will be a meeting.

Hi Andy – I am sure you received this already, but thought I should send, just in case.

Is there going to be a meeting? If so, do you know when it will occur? He is saying what they have always said "we want to keep the agreement, so long as we get rid of all the stuff we don't like."

Thanks.

Do you want me to take a crack at revising the letter from Jeff again? Or perhaps we can shorten it to just inform them of the deadlines? Thanks.

Marie,

Three items to address:

- 1) FBI was present for the meeting with Ken Starr(the Federalist speech). ASAC Parlave and Junior attended the Sept 7, 2007 meeting.
- 2) The Victim/Witness letters - I'm am still holding many of the original [REDACTED] W letters addressed to victims from the USAO. The letter that is currently being revised needs to take into account that several victims have never been notified by your office or mine. (first sentence of draft does not apply). FYI(I only reference this because this letter seems to be a hot issue for the Def.) Which by the way, contrary to the Defense, I do not feel they should have anything to do with the drafting or the issuing of this letter. My primary concern is that we meet our federal obligations to the victims in accordance with federal law.
- 3) We were last informed that Sloman's letter went out as well as Acosta's letter. This now appears not to be the case. If his letter was not received by Defense, we are unable to find a reference to December 7 and/or 14 deadlines. It was Acosta's original letter to Starr that mentioned the deadlines and Sloman's follow up letter to Lefkowitz that reiterated them. Just FYI.

It is all a bit confusing, but know we are willing to help if you need something from our end. Thank-you for keeping us in the loop. We'll let you know if we hear anything from LANA.

Nesbitt and Jason

This is what happens when you don't send out the letters when they are supposed to go out.
